

Chain Link Privacy Slat

Casa Verde's chain link privacy slat is designed with a superior dual-point locking system. Easy to install slats are held securely in place by a bottom locking channel.

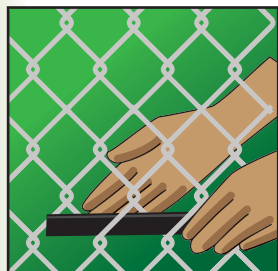

Homeowners can enjoy the security of a chain link fence with the added benefit of privacy. Each box covers 10 running feet of fence. Our product is UV stable, can be pressure washed with plain water and withstands severe wind and weather.

Features:

- Secure DualLox® design
- HDPE material with UV inhibitors
- Durable — withstands wind and temperature extremes
- Easy vertical installation
- Each box contains 82 slats & three 4' locking channels
- One box covers 10 running feet of fence
- 10 year limited warranty
- Slat sizes: 4', 5' 6'
- Colors: Dark Green, Redwood, Dark Brown, Beige, White, Black

Fence Slat Installation Instructions

Slats are pre-cut for height of your fence. No tools necessary. Slide locking channel, horizontally — open end up, through the bottom row of fence links.

At the top, insert slats vertically with tapered end facing down.

Push slat through links until it "clicks" into the locking channel.
